

Janilink Bulldozer Multi-function

17" 20"

ASSEMBLED IN USA

Thumb-operated safety switch

Comfort style vinyl handle grips for ease of use

Extra heavy duty spring steel cord strain relief

One-piece chrome, heavy duty steel handle optimum for durability

Variable position, positive lock handle for operator comfort and safety

5" Non-marking ball bearing wheels

Industrial, powder coated, welded frame for rugged, reliable performance

The Brute is equipped with a severe duty, planetary triple-idler, all steel helical-cut gear drive, with steel coupler and exclusive 180 frame motor

Machine has a negative pressure On/Off switch

Dual steel operating triggers for left-handed or right-handed operation

Non-marking 360-degree wrap-around bumper - no tools needed for replacement

The Bulldozer Multi-Function

is a chrome plated floor machine with a twin (dual) capacitor 180 frame TEFC motor that delivers extra power for really tough jobs.

Features

- Totally enclosed fan-cooled motor keeps out dirt and dust for longer motor life.
- Virtually indestructible gearbox
- Low current draw
- UL/CUL Approved
- Private label and/or select colors available at no extra cost with customer-supplied labels.

Totally enclosed motor units are ideal for the harshest conditions – dust, moisture, chemicals – and great for sanding or screening applications, stone care and concrete work.

Note: These units are NOT equipped with an explosion-proof motor.

The Bulldozer Multi-function is the strongest 115v floor Machine on the market. What ever the job, the Bulldozer Multi - function is ready for it! Need a floor machine you can rely on to handle the toughest jobs? Look No further Janilink for the best quality products Guaranteed! These machines are especially suited for marble, concrete, floor scraping, sanding, and any other extreme situations.
