## **MATERIAL SAFETY DATA SHEET**

|                                | 1. Product and Company Identification   |  |  |
|--------------------------------|---|--|--|
| Product number                 | 114-001P  |  |  |
| Product name                   | Rain Forest Metered Air Freshener   |  |  |
| Effective date                 | 07-Oct-2010   |  |  |
| Company information            | Claire Manufacturing Co.<br>500 Vista Ave.<br>Addison, IL 60101 United States   |  |  |
| Company phone                  | General Assistance 630-543-7600   |  |  |
| Emergency telephone US         | 800-424-9300  |  |  |
| Emergency telephone outside US | 703-527-3887  |  |  |
| Version #                      | 03  |  |  |
| Supersedes date                | 12-Nov-2007   |  |  |
|                                | 2. Hazards Identification   |  |  |
| Emergency overview             | Flammable. Aerosol. CONTENTS UNDER PRESSURE.<br>Will be easily ignited by heat, spark or flames. Harmful in contact with eyes.  |  |  |
| Potential health effects       |   |  |  |
| Eyes                           | Contact may irritate or burn eyes. Health injuries are not known or expected under normal use.  |  |  |
| Skin                           | Health injuries are not known or expected under normal use.   |  |  |
| Inhalation                     | Intentional misuse by concentrating and inhaling the product can be harmful or fatal.   |  |  |
| Ingestion                      | Exposure by ingestion of an aerosol is unlikely.  |  |  |
| Target organs                  | Central nervous system.   |  |  |
| Chronic effects                | May cause central nervous system disorder (e.g., narcosis involving a loss of<br>coordination, weakness, fatigue, mental confusion and blurred vision) and/or damage. |  |  |
|                                |   |  |  |

| 3. Composition / Ir | nformation on | Ingredients |
|---------------------|---------------|-------------|
|---------------------|---------------|-------------|

| Components   | CAS #    | Percent  |
|--|----------|----------|
| Acetone  | 67-64-1  | 60 - 70  |
| Propane  | 74-98-6  | 10 - 15  |
| n-Butane   | 106-97-8 | 10 - 15  |
| Non-hazardous and other components below reportable levels |          | 2.5 - 10 |

| 4. First Aid Measures                               |   |  |  |
|---|---|--|--|
| First aid procedures                                |   |  |  |
| Eye contact   | Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention immediately.   |  |  |
| Skin contact  | Immediately take off all contaminated clothing. Wash off with soap and water. Get medical attention if irritation develops or persists.             |  |  |
| Inhalation  | If symptoms develop move victim to fresh air. Get medical attention if symptoms persist.  |  |  |
| Ingestion   | In the unlikely event of swallowing contact a physician or poison control center. Do not induce vomiting without advice from poison control center. |  |  |
| 5. Fire Fighting Measures                           |   |  |  |
| Flammable properties                                | Vapor or gas may spread to distant ignition sources and flash back. Runoff to sewer may cause fire or explosion hazard.                             |  |  |
| Extinguishing media<br>Suitable extinguishing media | Water fog. Foam. Alcohol foam. Dry chemical. Carbon dioxide (CO2).  |  |  |

| Protection of firefighters                               |  |   |   |                                       |
|--|--|---|---|---------------------------------------|
| Protective equipment and<br>precautions for firefighters |  | of fire and/or explosion d<br>prevent vapor pressure  |   | ainers should be cooled with          |
|  | 6. A   | ccidental Release   | Measures  |                                       |
| Methods for containment                                  |  |   |   | a safe and open area if the<br>t risk |
| Methods for cleaning up                                  | Use a no   | leak is irreparable. Stop the flow of material, if this is without risk.<br>Use a non-combustible material like vermiculite, sand or earth to soak up the product<br>and place into a container for later disposal. |   |                                       |
|  | Small Sp<br>thorough   | ills: Wipe up with absort<br>ly to remove residual co   | pent material (e.g. cloth, fle<br>ntamination.  | ece). Clean surface                   |
|  |  | 7. Handling and St  | torage  |                                       |
| Handling<br>Storage                                      | or until s<br>exhaust<br>empty co<br>Contents<br>containe<br>flame. Av<br>equipped | prayed surface is thorou<br>ventilation. Do not use if<br>ontainers. Avoid prolonge<br>under pressure. Do not<br>rs can increase under th<br>void exposure to long pe   | ghly dry. Use only in area p<br>spray button is missing or<br>ed exposure.<br>puncture, incinerate or cru<br>e influence of heat. Keep a<br>riods of sunlight. Store in c<br>ut of the reach of children. |                                       |
|  | 8. Exposi  | ure Controls / Pers   | onal Protection   |                                       |
| Exposure limits<br>ACGIH                                 |  |   |   |                                       |
| Components   | CAS #  | TWA   | STEL  | Ceiling                               |
|  | 67-64-1  | 500 ppm   | 750 ppm   | Not established                       |
| Propane  | 74-98-6  | 1000 ppm  | Not established   | Not established                       |
| n-Butane   | 106-97-8   | 1000 ppm  | Not established   | Not established                       |
| OSHA   |  |   |   |                                       |
| Components   | CAS #  | TWA   | STEL  | Ceiling                               |
| Acetone  | 67-64-1  | 1000 ppm  | Not established   | Not established                       |

## Personal protective equipment

Propane

| Eye / face protection  | Do not get in eyes. Wear safety glasses with side shields (or goggles).  |
|------------------------|--|
| Skin protection        | Not normally needed.   |
| Respiratory protection | When workers are facing concentrations above the exposure limit they must use appropriate certified respirators. If permissible levels are exceeded use NIOSH mechanical filter / organic vapor cartridge or an air-supplied respirator. |

1000 ppm
