

# Material Safety Data Sheet

Quick Identifier (In Plant Common Name)

Manufacturer's Name & Address  
**APOLLO INDUSTRIES, INC.**  
 1850 S. Cobb Industrial Blvd.  
 Smyrna, GA 30082

Emergency Telephone No.  
 (770) 433-0210 Mon. - Fri. 8-5  
 (800) 255-3924 24 HOURS

## HMIS Symbol:

|              |   |
|--------------|---|
| Health       | 2 |
| Flammability | 2 |
| Reactivity   | 0 |

HMIS - NFPA  
 Minimal - 0 - Insignificant  
 Slight - 1 - Slight  
 Moderate - 2 - Moderate  
 Serious - 3 - High  
 Severe - 4 - Extreme

## NFPA Symbol:

Date Prepared: August 21, 2003

Prepared By: Yena Burnell Date: 8/21/03

## SECTION 1 - IDENTITY

Common Name: (used on label)  
 (Trade name & Synonyms)

Janilink STRIP-IT BASEBOARD &amp; CORNER WAX STRIPPER #242

Chemical Name  
 Mixture packaged in pressurized aerosol spray can.

## SECTION 2 - HAZARDOUS INGREDIENTS

| Principal Hazardous Component(s) | CAS No.    | OSHA PEL      | ACGIH TLV     | Other Limits                    |
|----------------------------------|------------|---------------|---------------|---------------------------------|
| Propane                          | 74-98-6    | Not Est.      | 1000 ppm      |                                 |
| Butane                           | 106-97-8   | Not Est.      | 800 ppm       |                                 |
| *Ammonium Hydroxide              | 1336-21-6  | 50 ppm        | 25 ppm (STEL) | 35 ppm STEL                     |
| *2-Butoxyethanol                 | 111-76-2   | 25 ppm (skin) | 25 ppm (skin) |                                 |
| Dodecylbenzenesulfonate          | 27176-87-0 | Not Est.      | Not Est.      | 0.05 mg/m <sup>3</sup> Supplier |

\*Section 313 Supplier Notification - Indicates hazardous ingredients which are toxic chemicals subject to the reporting requirements of Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 and of 40 CFR 372.

## SECTION 3 - PHYSICAL & CHEMICAL CHARACTERISTICS

|                                     |         |                                               |                                     |                                   |             |
|-------------------------------------|---------|-----------------------------------------------|-------------------------------------|-----------------------------------|-------------|
| Boiling Point                       | > 200°F | Specific Gravity (H <sub>2</sub> O=1) (Conc.) | 0.95 - 1.005 g/mL                   | Vapor (Propellant) Pressure (PSI) | N/A         |
| Volatile Organic Content (% Weight) | 11.0%   | Evaporation Rate (BuAc=1)                     | < 1.00                              | pH                                | 11.5 - 12.5 |
| Solubility In Water                 | Soluble | Appearance and Odor                           | White Foam Spray with Pungent Odor. |                                   |             |

## SECTION 4 - FIRE & EXPLOSION DATA

|                                     |               |                                     |           |           |                    |                                                 |
|-------------------------------------|---------------|-------------------------------------|-----------|-----------|--------------------|-------------------------------------------------|
| Flammability (per flame projection) | Non-Flammable | Flammable Limits in Air % by Volume | Lower N/A | Upper N/A | Extinguisher Media | Water, Reg. Foam, Dry Chemical, CO <sub>2</sub> |
|-------------------------------------|---------------|-------------------------------------|-----------|-----------|--------------------|-------------------------------------------------|

Special Fire Fighting Procedures  
 Keep containers cool using water spray. Use proper equipment to protect personnel from bursting containers.

Unusual Fire and Explosion Hazards  
 Contents under pressure. Do not expose to temperatures exceeding 120°F. as containers may vent, rupture or burst.

## SECTION 5 - PHYSICAL HAZARDS

Stability  
 Unstable ☐ Conditions Open Flames; Hazardous May Occur ☐ Conditions  
 Stable ☒ to Avoid Temp. > 120°F. Polymerization Will not Occur ☒ to Avoid None

Incompatibility (Materials to Avoid)  
 Strong oxidizers, strong alkalies, zinc, halogens, and acids.

Hazardous Decomposition Products  
 CO, CO<sub>2</sub>, ammonia vapors.

#242

**SECTION 6 - HEALTH HAZARDS**

|                 |                 |                 |                     |
|-----------------|-----------------|-----------------|---------------------|
| Routes of Entry | Inhalation: Yes | Eyes / Skin: No | Ingestion: Unlikely |
|-----------------|-----------------|-----------------|---------------------|

Signs and Symptoms of Exposure (Acute & Chronic) Contact may cause skin and eye irritation. High concentrations can cause nasal and respiratory irritation. Excessive inhalation or ingestion may produce signs of intoxication.

|                                                     |            |                       |                                    |
|-----------------------------------------------------|------------|-----------------------|------------------------------------|
| Medical Conditions Generally Aggravated by Exposure | None Known | Target Organs/Systems | Nervous system and several organs. |
|-----------------------------------------------------|------------|-----------------------|------------------------------------|

|                                                       |                             |                                                                        |                     |                                                                        |      |                                                                        |
|-------------------------------------------------------|-----------------------------|------------------------------------------------------------------------|---------------------|------------------------------------------------------------------------|------|------------------------------------------------------------------------|
| Chemical Listed as Carcinogen or Potential Carcinogen | National Toxicology Program | Yes <input type="checkbox"/><br>No <input checked="" type="checkbox"/> | I.A.R.C. Monographs | Yes <input type="checkbox"/><br>No <input checked="" type="checkbox"/> | OSHA | Yes <input type="checkbox"/><br>No <input checked="" type="checkbox"/> |
|-------------------------------------------------------|-----------------------------|------------------------------------------------------------------------|---------------------|------------------------------------------------------------------------|------|------------------------------------------------------------------------|

**Emergency and First Aid Procedures**

1. Inhalation Remove victim to fresh air. Apply artificial respiration if necessary. Get medical attention.
2. Eyes Flush eyes with water for at least 15 minutes. Get medical attention.
3. Skin Wash affected areas w/ soap & water. Get medical attention if irritation persists.
4. Ingestion Drink large amounts of water and get medical attention. Induce vomiting only on the advice of a physician.

**SECTION 7 - SPECIAL PROTECTION INFORMATION**

Respiratory Protection (Specify Type) None required for normal use.

|             |               |                               |                      |     |         |     |       |     |
|-------------|---------------|-------------------------------|----------------------|-----|---------|-----|-------|-----|
| Ventilation | Local Exhaust | Maintain adequate ventilation | Mechanical (General) | N/A | Special | N/A | Other | N/A |
|-------------|---------------|-------------------------------|----------------------|-----|---------|-----|-------|-----|

|                   |                                                |                |                                 |
|-------------------|------------------------------------------------|----------------|---------------------------------|
| Protective Gloves | Wear gloves if skin contact causes irritation. | Eye Protection | Wear safety glasses or goggles. |
|-------------------|------------------------------------------------|----------------|---------------------------------|

Other Protective Clothing or Equipment None required.

**SECTION 8 - SPECIAL PRECAUTIONS AND SPILL/LEAK PROCEDURES**

Precautions to be Taken Handling and Storage Do not store at temperatures above 120°F. Do not puncture or incinerate containers. Keep out of reach of children.

Other Precautions Read label precautions carefully. Follow label directions carefully to avoid injury.

Steps to be Taken in Case Material is Released or Spilled Soak up spilled liquid with absorbent material. Place in closed container. Dispose of in accordance with local, state, and federal regulations.

Waste Disposal Methods Dispose of in accordance with local, state, and federal regulations.

We believe all information given is accurate. It is offered in good faith, but without guarantee. Since conditions are beyond our control, user assumes all responsibility and risk.
